Applications are invited for 4 vacancies on the Wessex Acute (Internal) Medicine / General (Internal) Medicine Dual Accreditation Training Programme for commencement in August 2010. For full details on the number of posts and on how to apply, please visit http://www.nesc.nhs.uk/recruitment__careers/wessex_recruitment_2010.aspx

Applications will be restricted to those applicants who meet the criteria as laid out in: Modernising Medical Careers (MMC) England: An Applicant’s guide to application and recruitment to specialty training in England in 2010, which can be found on the MMC website: http://www.mmc.nhs.uk/default.aspx?page=518

Assessment of immigration status will be based upon an applicant’s valid leave to remain in or enter the UK as at the closing date of the specialty, which for Acute Medicine is 12:00pm on Monday 29th March 2010. Applicants will therefore be required to provide evidence of their immigration status on this date.

The Postgraduate Deans have confirmed that the posts advertised have the required educational and staffing approval.

Applicants who wish to work less than full-time are welcome to apply and will be required to provide confirmation of their eligibility for less than full-time training from their current deanery prior to appointment.

Doctors who are not UK or EEA nationals and whose immigration status entitles them to work without restriction in the UK will be considered on an equal basis with UK and EEA nationals. Other non-UK or non-EEA nationals with limited leave to remain in the UK and whose employment will require Tier 2 sponsorship are subject to the resident labour market test and may only be considered if there is no suitable UK or EEA national candidate for the post. Evidence of immigration status should normally consist of a date stamped passport and accompanying letter from the Home Office. Please visit http://www.bia.homeoffice.gov.uk for more information

Applications can only be accepted via the I:CAMS system which requires initial registration which can be completed on or after 20th November 2009.
