INFORMATION SHEET

How Does This Course Work?

Learn at Work, Study When it Suits You
Most of the learning is done by the dental nurse working in the practice using the DNNET CD-ROM disks as a learning resource. These disks contain all the information units enquired to pass the National Certificate.

Contents Of The DNNET Disks

| Disk One       | Health & Safety          |
|                | Infection Control        |
|                | Oral Health Education    |
| Disk Two       | Patient Assessment       |
|                | Processing Radiography   |
|                | Perio & Restoration      |
| Disk Three     | Equality & Diversity     |
|                | Communication            |
|                | Lifelong Learning        |
| Disk Four      | Prosthetics              |
|                | Minor Oral Surgery       |
|                | Surgical Periodontal Therapy |

Introduction To The Programme

At the start of the programme dental nurses will attend six introductory workshops which give an introduction to the programme. Each workshop is a half day educational session away from the practice. Once all six workshops have been completed each dental nurse will be given a set of DNNET disks with instructions for use.

Support Sessions

Once the student is working through the DNNET programme, every two months there will be 'support session'. Each session will be a full day and will relate to one of the four DNNET disks. There will be an additional session to help with portfolio building. After all the disks have been
completed there will be two further sessions dedicated to exam preparation. A total of seven days out of practice will be required for this part of the programme.

Cost Of The Course

There is a charge of £100 which includes catering costs for all study sessions and workshops and the DNNET CD-ROM disk pack. (Normal retail price is £339.58).

Examination & Portfolio Cost — This is Not Included in the Course Fee

The cost of entry for the National Examination is currently £135.00, the portfolio cost will be approximately £25 and will need to be paid by the individual dental nurse or the dental practice. You can obtain further details regarding the National Examination by contacting the National Examining Board for Dental Nurses (NEBDN) at the following address.

How To Enrol On The Course

Dental Nurses will need to complete an enrolment form and send the form back to the NESC dental school office. The form is available to download from our web site www.nesc.nhs.uk and can be printed off and completed by both the dental nurse and their named mentor. Alternatively dental nurses can request an enrolment form to be sent to them by contacting the dental school office at the following address.

Shahidah Majeed, Dental Nurse Training Administrator
NESC Dental School Office
The Triangle, Roosevelt Drive
Headington, Oxford, OX3 7XP
Tel: 01865 740616
E-mail: shahidah.majeed@nesc.nhs.uk

Please Note: Dental nurses will need to provide a named mentor in the enrolment form who will be responsible for overseeing the in-practice training required for the dental nurse within the dental practice.
