Wessex SAS Quality Improvement Fellowship 2019/20

Advert

Application Deadline: Monday 28 January 2019

• Are you a Staff or Associate Specialist doctor working at a Wessex Trust?
• Are you interested in learning how to lead an improvement in quality for your patients?

HEE Wessex are now inviting applications for the 12-month 2019/20 Quality Improvement Fellowship programme for Staff and Associate Specialist (SAS) Doctors. Applicants must be currently employed as an SAS doctor in a Wessex Trust.

The 12-month Fellowship offers the opportunity to work on a specific quality improvement with formal learning about how to make the improvement happen and expert advice at every stage.

You will be involved in creating and working with your own multidisciplinary team.

The programme is free and will include education ‘contact’ days alongside additional support throughout. The programme will be delivered by Healthcare Quality Quest (HQQ).

Feedback from previous SAS QI Fellows

• ‘The QI Fellowship process has taught me how to get from an idea for improvement through the various stages of engaging stakeholders, considering the present situations, accessing ideas from stakeholders to prioritize improvements to implementing change. The patients benefit from improved patient care, the Trust benefit from being able to prove and demonstrate that they participate in Quality Improvement. It encouraged me to have a questioning mind as to what can be improved and feel more confident in becoming engaged in the process’
• ‘I learnt about the value of collaborating with other agencies to improve quality.’
• ‘I have found the whole course very useful and it has helped to consolidate my knowledge of quality improvement’
• ‘The QI Fellowship has enabled driving force for service improvement for patients’
