LCP Symposium
"Locking Plates: What Have We Learnt"

10 September 2009
Future Inn Hotel
Cardiff
Course Objectives

Locking Compression Plate (LCP) platforms have gained 8 years of clinical experience in the UK. The internal fixator concept has revolutionised fracture management of osteoporotic bone. Locking plate osteosynthesis has seen the emergence and an increased usage of MIPO techniques. However, as with all innovations there is a learning curve which this course will endeavour to cover.

This one day symposium aims to dissect and clarify issues around indication, rationale of application, MIPO technique, technicalities and complications of locking plate osteosynthesis.

Expert national faculty will provide insight and share their experiences. The course will include keynote lectures, a hands-on practical utilising a MIPO technique, discussions and a 'poster session'.

Due to its advanced level, the symposium is aimed at Consultant Orthopaedic Surgeons with active trauma practice and senior orthopaedic trainees.

Chairman
Khitish Mohanty    Cardiff & Vale NHS Trust

Faculty
Julian Cooper    University Hospital Birmingham NHS Foundation Trust
Bob Handley      Oxford Radcliffe Hospitals NHS Trust
John McMaster    Oxford Radcliffe Hospitals NHS Trust
Ananda Nanu      City Hospitals Sunderland NHS Foundation Trust
Ian Pallister    Swansea NHS Trust
Nigel Rossiter    Basingstoke and North Hampshire Foundation Trust
Course Information

Venue
Future Inn Hotel
Hemingway Road
Cardiff
CF10 4AU

Course fee
£ 85.00
Course fee includes course materials and refreshments.

Accommodation
Accommodation is not included in the course fee. Accommodation will be available at the course venue and a booking form will be provided with the confirmation.

Deadline for registration
10 August 2009

Cancellation policy
After 10 July 2009, 25% of the course fee will be charged; after 10 August 2009, the full fee will be charged.

Course schedule
Registration will be at 09.00 on Thursday 10 September and we will aim for a 17.00 finish.

Programme

10 September 2009

09:00  Registration & Welcome

09:30  Introduction & evolution of locking plate techniques  
       K Mohanty

09:50  How I’ve gone wrong & how I now try to avoid it  
       I Pallister

10:10  Do locking plates equal a MIPO approach  
       J Cooper

10:30  Tea and Coffee

11:15  Indirect techniques & impression terminology  
       B Handley

11:45  How much fixation is enough fixation  
       J McMaster

12:05  Locking plates in periprosthetic fractures  
       A Nanu

12:30  Lunch

13:15  Practical session  
       MIPO technique for fixation of distal tibial fracture

15:00  Discussion groups  
       Articular, metaphyseal & diaphyseal applications All (with coffee)

16:10  Pitfalls, complications & summary  
       N Rossiter

16:40  Close
