*NHS South Central – Improving health and alleviating the causes of poor health for the benefit of patients, the public and taxpayer alike in Oxfordshire, Buckinghamshire, Berkshire, Hampshire and the Isle of Wight*
Review of what delegates wanted from the day

• Desire to leave with greater clarity about what:
  • a HIEC is and the problem it is seeking to address
  • will be the balance between innovation and education in a HIEC?
  • the common aims are
  • the likely partnerships which will be formed to create it/them
  • the number of HIECs the SC SHA is looking for
  • opportunities exist with the creation of HIECs
  • the output measures for a HIEC will be

• Clarity about SHA direction and support for developing HIEC proposals to a successful conclusion

• To receive information which:
  • Make clear what the objective is
  • Identifies what the business requirements are for a HIEC
  • Determines how the challenge of collaboration may/will work

• Enables the potential partners to cement a way forward

• To leave with real clarity on what we are actually going to do

• To confirm if a HIEC essential for shaping vision and action?

• Is the HIEC a catalyst for co-operation to lead multi-disciplinary workforce planning/training? Are the incentives right to allow this?
Next Steps?
Have we met your expectations of the day?
Please complete your Next Steps (yellow) form

(The Next Steps Form asked people:
• what value the event had for them,
• what role they would want to play in the HIEC bid process,
• what are their Next Steps and what support they need
• How they would like to be advised of progress)
