Learning Beyond Registration Update

Presented by Lesley Sheldon, Elaine Bowden and Gail Doran

Date 13th October 2009
Why Review LBR?

- Contracts due for renewal 2009
- Provide value for money
- Develop a South Central process
- Ensure utilisation of core funding
- Ensure provision meets the needs of NHS organisations
Aim of LBR Review

To provide flexible, cost effective, high quality post qualifying education to:

- Develop a productive workforce that is fit for purpose
- Deliver improved patient care
- Respond to innovation and the changing workforce requirements of NHS South Central
- Ensure that funding invested in LBR can be utilised as a lever for workforce development
Where are we now?

Implementation phase of an Interprofessional CPD strategy that provides:

• Core contracted provision

• Flexible funding opportunities enabling organisations to commission directly from a range of education providers
Where do we want to be?

• CPD Strategy which links to PCT and Provider workforce strategies

• Metrics that measure impact of CPD on service delivery; patient care and value for money

• CPD strategy that enhances quality; innovation; productivity and prevention

• CPD strategy that develops both capacity and capability across the workforce
Where do we want to be?

• Providing education that really makes a difference

• Enabling the right people to access the right learning at the right time

• Stimulating the market

• Enabling Practitioners and “learners” to be able to make an informed choice regarding education provider
How will we get there?

• Partnership working
• Having clear processes in place
• Adapting the model accordingly
• Having a willingness to think differently
• Adopting a dynamic approach to CPD
Communication
Communication
Communication
Communication
What Next?

- Work with HEI’s and Trusts to plan 10% Service Improvement Fund for year 2

- Work towards a common pricing framework for core provision

- Evaluation of LBR process, impact analysis, feedback and review.
Our Mission

“We provide high quality and relevant education and training where and when it is needed, that meets the changing needs of the NHS and our workforce and leads to measurable improvements in patient care.”
