Be a Leader in Primary Care and Make a Difference

NESC Practice Leaders Programme

Are you a newly qualified GP? Looking for an opportunity to move ahead?

Salaried General Practitioners – One year fixed term contract

Milton Keynes and Portsmouth Area – An initiative of NHS Education South Central

Do you want to make a difference?

Do you want to be at the forefront of leading services in Primary Care?

The NESC Practice Leaders Programme is looking for GPs to join one year initiatives starting in September in Milton Keynes and Portsmouth. You will be ready to build your leadership skills whilst working with practice teams in GP practices and local PCTs. You will be keen to improve the provision of primary care and to take on the challenges of development of new services, new ways of improving patient access and satisfaction plus new ways of working.

Supported with a weekly learning set that will focus on developing knowledge and leadership skills you will learn to implement service changes across health and social care. The learning sets will include looking at strategic direction of the NHS, systems thinking and business skills to support you to become a GP at the forefront of the new ways of delivering primary care. It will allow you to develop leadership skills and the business knowledge that will consolidate your training. You can also obtain the Postgraduate Certificate in General Practice.

In the Milton Keynes area there will be opportunity to undertake placements with CSIP, an arm of DoH, to be involved in national strategic health and social care developments.

If you have less than two years experience post CCT (qualified after September 2006) and are developing a career in primary care, please contact the Project Lead for an informal discussion.

For Milton Keynes; Marion Lynch (email: mlynch@oxford-pgmde.co.uk) Tel: 01296 315424.
