Specialised Topics in Upper Extremity Fracture Management
Learning Centre
Advanced Level

10th & 11th May 2010 - Hamburg, Germany

This Learning Centre is a new event for 2010 and is designed as the next step for those who have attended the Upper Extremity Fracture Management Instructional Course, or experienced surgeons with relevant exposure to our portfolio. The course is dedicated to upper extremity fracture management with a focus on complications and complex fracture management. Delegates will be expected to present from their own experiences, and so are encouraged to bring along cases. Case discussions with workshop groups and expert review are an integral part of this Learning Centre.

Venue and Registration
The Learning Centre will be held at the European Surgical Institute Hamburg, Germany. The registration fee for this meeting is £300 (non-refundable). In order to register please complete the attached registration form in full and return to your local DePuy Representative, together with your cheque made payable to DePuy International Ltd.

All DePuy Professional Education courses are facilitated and supported by a distinguished faculty of international orthopaedic surgeons. The latest information regarding the invited faculty and any other details concerning this course can be viewed on www.do-surgery.com from mid December 2009.

Faculty: Approximately 4 to 5
CME: Approximately 10 CME Credits
