Wessex GP Educational Trust Membership for Retained Doctors
Registered Charity No. 1002584

Membership for GP Retainees

The Wessex GP Educational Trust (WGPET) was formed in 1990 to provide funding for events run by the various GP Tutors. It continues to fund a wide range of events from practice-based lunchtime lectures to week-long Refresher Courses.

It receives no public money but is funded from the subscriptions paid by its members. The large majority of GPs in the area it covers are members.

The Committee of WGPET is keen to assist GP Retainees to achieve their educational goals and draws attention to the following:

1. GP Retainees may join as full members and a discounted subscription rate is available to doctors with lower earnings.
2. Membership entitles doctors to attend as many WGPET-underwritten events as they wish.
3. Members may also claim reimbursement of part of the educational costs when attending authorised events arranged by other parties, subject to certain limits.

The Committee understands that doctors on the Retainer Scheme do receive a bursary for educational expenses and that this can be used to fund the WGPET subscription.

If you would like to receive full details of membership benefits and an application form please follow link to Request Slip and post to:
