| The Foundation Trust and Hospital | Hampshire Hospitals NHS Foundation Trust serves a population of approximately 600,000 across Hampshire and parts of West Berkshire.  
This includes people living in Andover, Basingstoke, Eastleigh and Winchester as well as the surrounding towns and villages across Hampshire and parts of west Berkshire including Tadley to the north; Alton and Bordon to the east; Romsey and Chandlers Ford to the south, Stockbridge, Bishops Waltham and Alresford.  
Hampshire Hospitals NHS Foundation Trust came into being in January 2012 as a result of the integration of Basingstoke and North Hampshire NHS Foundation Trust, which achieved Foundation Trust status in 2006, and Winchester and Eastleigh Healthcare Trust. It is an NHS provider and care is free at the point of delivery.  
Hampshire Hospitals NHS Foundation Trust employs around 5,000 staff and has a turnover of over £300 |
There are over 18,500 public and staff members. As a Foundation Trust it is directly accountable to its members through the governors. A new Council of Governors was elected in January 2012 to represent the interests of their constituencies and to influence the future plans of the Foundation Trust.

HHFT actively supports research to make patients, and the NHS, better. Clinical research is essential to find out which treatments work best.

In England last year, 595,540 patients took part in high quality clinical research supported by the National Institute for Health Research Clinical Research Network.

1,106 patients took part in research studies here at Hampshire Hospitals NHS Foundation Trust.

**Clinical services** are organised into three divisions. Each division has a medical director who is supported by an operations director. These are Surgical Services, Medical Services, and, Family and Clinical Support Services.

<th>Locations</th>
</tr>
</thead>
<tbody>
<tr>
<td>Hampshire Hospitals NHS Foundation Trust provides one service from multiple locations including our own hospitals. Basingstoke and North Hampshire Hospital (BNHH) and Royal Hampshire County Hospital (RHCH) both provide a full range of planned and emergency services including accident and emergency, trauma and orthopaedics, general and specialist surgery, general medicine, intensive care, rehabilitation, chemotherapy, diagnostic services, maternity, neonatal, gynaecology, paediatric care and out-patient clinics. Basingstoke and North Hampshire Hospital also provides some specialist services for rare or complex illnesses including liver cancer, colorectal cancer and a national surgical service for a rare cancer called pseudomyxoma peritonei. The regional haemophilia service is based at BNHH. In addition, Royal Hampshire County Hospital is pioneering the use of intraoperative radiotherapy for breast cancer treatment. Hampshire Hospitals NHS Foundation Trust also</td>
</tr>
</tbody>
</table>
Wessex Deanery provides outpatient and assessment services from Bordon and Alton community hospitals.

Hampshire Hospitals NHS Foundation Trust has links with University Hospital Southampton NHS Foundation Trust, Frimley Park Hospital NHS Foundation Trust, Royal Surrey County Hospital NHS Foundation Trust and Royal Brompton and Harefield NHS Foundation Trust for some specialised services.

| Quality of Care | • Some of the lowest infection rates in England.

• 97.1% of emergency department patients treated and discharged or admitted within four hours. |
| Our patients in 2010/11 | • Over 105,000 patients treated in the emergency department.  
• Over 45,000 emergency admissions.  
• Over 52,000 planned inpatient or day care treatment.  
• Over 440,000 patients seen in outpatient departments. |

| No of Foundation Trainees (2013/2014) - Basingstoke | 33 x F1  
24 x F2 |
| Foundation Programmes - Basingstoke | There are 33 F1 posts. There are rotations of 4 months involving Trauma & Orthopaedics, Medicine and Surgery and also some with Psychiatry. |
The F1 programme at Basingstoke will start helping to equip you with the skills you need throughout your professional career.

There are 24 F2 posts. Trainees can undertake four month posts in GP, medicine, surgery, paediatrics, critical care, emergency department or ENT.

The F2 programme covers the management of the acutely ill patient and the development of core generic skills such as communication, handling patient’s relatives and professionalism.

Each trainee is allocated an Educational Supervisor and one of their roles is to provide counselling and mentorship for their trainees.

<table>
<thead>
<tr>
<th>Teaching Programme/Educational Sessions</th>
<th>For F1s and F2s there is a comprehensive weekly teaching programme on Wednesday lunchtimes which is both lecture based and hands on. These also include a series of workshops including pharmacy and careers advice.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Study Leave and Taster Opportunities</td>
<td>F1s are entitled to eight taster/educational days per year which can be broken down into half days should you wish to do so. There is a comprehensive list of opportunities ranging from days out with the Ambulance Service to theatre time watching a variety of innovative surgical procedures.</td>
</tr>
<tr>
