Assessment of immigration status will be based upon an applicant’s valid leave to remain in or enter the UK as at the closing date of the specialty, which for Dermatology is 12:00 noon on Monday 14 November 2011. Applicants will therefore be required to provide evidence of their immigration status on this date.

Doctors who are not UK or EEA nationals and whose immigration status entitles them to work without restriction in the UK will be considered on an equal basis with UK and EEA nationals. Other non-UK or non-EEA nationals with limited leave to remain in the UK and whose employment will require Tier 2 sponsorship are subject to the resident labour market test and may only be considered if there is no suitable UK or EEA national candidate for the post. Evidence of immigration status should normally consist of a date stamped passport and accompanying letter from the Home Office. Please visit http://www.bia.homeoffice.gov.uk for more information
