## Individual Placement (Job) Description

### Placement

**F2 - Paediatrics and Neonates.**

**The department**
The Dept of Paediatrics comprises 3 Consultant paediatricians of whom all acute General paediatric and neonatal on-call. There are interests in Epilepsy, Allergy, Asthma, Diabetes. All pediatric and neonatal pathology is represented. The department serves a population of 90,000. The department is closely linked with tertiary services in Southampton.

**The type of work to expect and learning opportunities**
All F2 Doctors in hospital posts will generally be ward based during the 'normal' working day and expected to deliver the daily medical care of all the patients on their ward irrespective of specialty. Whilst on the ward the F2 will be involved with the generic clerking of patients being admitted and the ongoing care of the patients in the unit.

The overall educational objectives of the F2 year are to provide the trainee with the knowledge, skills and attitudes to be able to:

- Take a history and examine a patient
- Identify and synthesise problems
- Prescribe safely
- Keep an accurate and relevant medical record
- Manage time and clinical priorities effectively
- Communicate effectively with patients, relatives and colleagues
- Use evidence, guidelines and audit to benefit patient care
- Act in a professional manner at all times
- Cope with ethical and legal issues which occur during the management of patients with general medical problems
- Educate patients effectively
- Become life-long learners and teachers.

**Where the placement is based**
Jersey General Hospital, Robin Ward.

**Clinical Supervisor(s) for the placement**
Dr Tim Malpas

**Main duties of the placement**
The F2 doctor is responsible with other staff for the ward care of patients and the maintenance of the patient’s medical record. They will have opportunity to work with the consultants in outpatients clinics for at least one day each week, and also take responsibility for problems arising in General Paediatrics or neonatal patients on the ward. They are expected to attend the structured teaching programmes provided by the department. The doctor will be responsible for such other specific clinical duties as allocated by
consultants including performing other duties in occasional emergencies and unforeseen circumstances.
