## The Trust and Hospital

Our busy, modern hospital provides a full range of district general services, including an emergency department, and links with satellite units in five community hospitals. We are the main provider of acute hospital services to a population of around 215,000, living within Weymouth and Portland, West Dorset, North Dorset and Purbeck. We also provide renal services for patients throughout Dorset and South Somerset - a total population of 850,000.

Our 3,114 staff work in GP surgeries, schools, residential homes and people’s own homes as well as Dorset County Hospital and the community hospitals. We were awarded Foundation Trust status in June 2007 which means that we are in charge of our own finances and strategic development. Although still an NHS hospital, and funded by the local clinical commissioning groups we govern ourselves. We are able to reinvest our profits into locally decided services or projects that best suit the needs of our patients.
To make sure these decisions are in the best interests of the community and patients, we have recruited public 'members' of the Trust who elect a Council of Governors to fully represent their views and comments. All staff automatically become members of our Foundation Trust.

<table>
<thead>
<tr>
<th>Size of Hospital(s)</th>
<th>Dorset County Hospital has approximately 333 beds, seven main theatres and two day theatres. Related services are grouped into three connected wings: North, South and East.</th>
</tr>

| No of Foundation Trainees | 30 x F1 Trainees  
25 x F2 Trainees |
| Foundation Programmes | **F1 Year**  
- We offer 4 and 6 month rotations within medicine, surgery, paediatrics, psychiatry and intensive care/palliative care. This is aimed at offering you valuable experiences that will assist you in your future career choice  
**F2 Year**  
- Programmes consist of 4-6 month rotations within medicine/ENT/orthopaedics/O&G/urology/ ED / paediatrics/psychiatry/ICM & anaesthetics/GP. These rotations are designed to assist you with your future training applications. |
| Allocation process | **F1**  
Based on applicant scores achieved during the national application process and expressed order of preference of rotation; Wessex Foundation School allocates all foundation doctors to a 1 year rotation prior to the start of the Foundation Programme.  
**F2**  
Following the F1 – F2 matching process, the trust allocates F2 rotations. The FY2 posts you will do will depend on the FY1 Rotation you have done. There is an expectation that you will not repeat posts in FY2 that you have done in FY1. The majority of trainees will have the opportunity to work in community posts. FY2 jobs will be allocated with these criteria in mind so whilst there is currently an opportunity to request preferred posts this will depend on the above restrictions. |
### Teaching Programme / Educational Sessions

#### F1 Year
- Tuesday 13.00-14.00 FY1 core curriculum teaching
- Wednesday 13.00-15.00 Medical teaching programme
- Friday 13.00-14.00 Surgical teaching programme
- FY1 simulation programme involving both medical and surgical crises.
- Improving practice – opportunity to devise and carry our projects to improve clinical practice within the hospital
- Monthly grand rounds
- ALS may be done in FY1

#### F2 Year
- ALS for those not completed in FY1
- 5 day short attachment e.g. GU medicine, palliative care, anaesthetics, radiology
- 6 away-days at Bournemouth University to develop generic skills.
- Specialty specific teaching programmes for medicine, surgery, paediatrics, O&G/anaesthetics/ICM

**Improving Practice** - opportunity to devise and carry out projects to improve clinical practice and win a prize for the best presentation

### Information events / Open days for potential applicants

The Trust supports and participates in Health Education Wessex Career fairs, including the Foundation Welcome event, further information can be found at [www.wessex.hee.nhs.uk](http://www.wessex.hee.nhs.uk).

### Study leave and Taster opportunities

Study leave is only permitted during the F2 year and is not available during F1. Special arrangements can be made for F1 doctors who wish to arrange career “taster” sessions during their F1 year.

**Professional Skills Programme**
All FY2s attend a 6-day programme held in Bournemouth University. This covers areas such as...
<table>
<thead>
<tr>
<th><strong>Teaching and learning, professionalism and ethics</strong> which are parts of the curriculum that are frequently overlooked in the busy hospital environment.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Tasters</strong></td>
</tr>
<tr>
<td>Using 5 days’ study leave to experience different specialties is encouraged. This is usually done within FY2 but can be accommodated within FY1.</td>
</tr>
<tr>
<td><strong>Immediate Care</strong></td>
</tr>
<tr>
<td>All trainees receive ALERT and Resus training on induction and complete ALS within the FY program. Study leave should be applied for at least 6 weeks prior to the event; it must be supported by the educational supervisor and be agreed with the rota organiser. There are 15 days allocated within FY2 from which ALS, tasters and the professional skills course are taken.</td>
</tr>
</tbody>
</table>

| **Foundation doctor forums** |
| Wessex Foundation School encourages foundation doctors to contribute to, and participate in local forums. At Dorset County Hospital Foundation trainees are encouraged to improve their skills and confidence in presenting and teaching. The FY1’s are expected to lead a formal teaching session to their peers, they will also be expected to present their improving practice audit and are encouraged to present at both the trust and national audit competitions. FY trainees are also encouraged to present at grand rounds. There is a strong tradition of medical student teaching amongst the FY trainees. Two or three feedback sessions are held throughout the year with the FPD and there is an open door policy for meetings with the FPD every Tuesday afternoon. Additionally, there are national forums conducted by the UKFPO. The view of the doctors delivering the immediate care is valued and as such FY trainees are given the opportunity to join a number of hospital committees and are expected to contribute towards decision making. |

| **Careers Advice** |
| Career Leads |
| Dr Quick & Dr McConnell |
F1 and F2 trainees will be actively guided to help them make decisions about future career planning, through workshops and one-to-one counselling as necessary.

<table>
<thead>
<tr>
<th>Educational and Clinical supervision</th>
<th>An educational supervisor is allocated to each foundation doctor for the full two years of their Foundation Programme to maintain an overview of development and progress of the doctor within the training programme. A clinical supervisor will be allocated for each placement (four month or six month) within the rotation.</th>
</tr>
</thead>
</table>

<table>
<thead>
<tr>
<th>Flexible training (Less than full time)</th>
<th>Information regarding Less Than Full Time Training can be found on the Wessex Deanery website: <a href="http://www.wessexdeanery.nhs.uk/foundation_school/less_than_full_time_training.aspx">http://www.wessexdeanery.nhs.uk/foundation_school/less_than_full_time_training.aspx</a></th>

<table>
<thead>
<tr>
<th>Rotation information</th>
<th>Full information about the rotation, location and content of placements will be issued by the employing trust.</th>
</tr>
</thead>
</table>

<table>
<thead>
<tr>
<th>Induction / shadowing</th>
<th>All F1 doctors are required to undertake a mandatory induction/shadowing week prior to commencing the actual F1 rotation.</th>
</tr>
</thead>
</table>

| Start date | Traditionally first Wednesday in August |
## Salary
The salary scale is in accordance with the current national rate. Placement within the scale will be in accordance with previous reckonable service.

## Annual leave
F1 doctors are entitled to 27 days annual leave per annum plus 8 public holidays. If a foundation doctor works any part of a public holiday they are entitled to an additional days leave in lieu.
In some specialties there are restrictions on when a foundation doctor can take their leave during their placement. The doctor will be informed of these restrictions at the beginning of their placement. The foundation doctor is required to book their leave at least 6 weeks in advance via the relevant Divisional/Service Manager.

## Visa/Work permits /Leave to remain
If the doctor who is placed with the Trust is a non-resident of the United Kingdom or European Economic Union, they are required to have a valid sponsorship certificate and visa entitling leave to remain in the UK for the length of their placement with the Trust.

## Accommodation and Charges
Single and a limited amount of married accommodation is available. Charges for single accommodation is as follows:-

- **F1** £400.00 per month sharing a 2 bedroom house
- **F1** £350 per month sharing a 4 bedroom house
- All (inclusive of utility bills & council tax) plus £30 pcm parking

- **F2** £450.00 per month (inclusive of utility bills and council tax) plus £30 pcm parking

Excludes phone & TV Licence
Communal Laundrette on Site within Accommodation block, fees apply per use.

For further information on married accommodation please contact:

## Staff Restaurant Facilities
A subsidised restaurant is situated in the North Wing and is open from 7.30am to 7.30pm. There are
vending machines sited throughout the hospital for out of hour’s service.

In addition there is a café in the South Wing, open from 9.00am to 8.00pm on Monday to Friday, and from 2.00pm to 5.00pm on Saturday and Sunday.

There is also a LOF shop at the North Wing Entrance open from 8.00am until 4.00pm.

**Doctor’s mess**

There is a secure central mess where many social events are organised. The facilities of the mess include pool table, computer with internet access, Sky television, and kitchen facilities. Users of the mess are required to pay a small monthly fee deducted from salaries.

The mess has a number of sports teams including football, touch rugby and cricket.

**Local Amenities**

On site and nearby
There are a number of local gyms and sports clubs. Weymouth and Portland are nearby and have excellent facilities for sailing, kite surfing and rock climbing. The hospital has a society membership at East Dorset Golf & Country Club with reduced rates for all staff.

Dorchester has one nightclub plus numerous pubs and bars. Mess nights are held every Thursday.
