Wessex Deanery is a relatively small deanery with a defined geographical area which does lead to there being a single unit of application. In the majority of cases, successful candidates will be asked to preference their choice of location for either one or two years. Placements will be based, as normal, on individual training and educational needs. Please note that applications are to the Wessex Deanery as a whole. This may mean that you may be allocated to any geographic location within the Wessex Deanery depending on training needs.

The Wessex Deanery covers a geographical area from Basingstoke in North Hampshire to Dorchester in West Dorset and the Isle of Wight to the South; in addition some programmes rotate to Jersey and Chichester in West Sussex. This is a spread of approximately 65 miles North to South and 76 miles East to West. The Wessex Deanery serves a population of around 2.8 million people.

The Wessex Deanery is part of South Central Strategic Health Authority which covers Berkshire, Buckinghamshire, Oxfordshire in the north (under Oxford Deanery) and Hampshire and Isle of Wight. In addition, Wessex Deanery provides training programmes within Dorset and South Wiltshire under a formal agreement with the South West Strategic Health Authority. The Wessex Deanery is responsible for the training of some 2,500 trainees.
Rotation Information

- ST1 and ST2 12 month posts at different hospitals in Wessex region.
- ST3-5, 12 month rotations. If possible ST3 at same hospital as ST2 year. At least 12 months should be spent at a large teaching hospital eg Southampton or Portsmouth.
- ST6 and ST7 12 month posts at different hospitals depending on ATSM modules.

Study and Training

The primary aim of all posts is the training programme developed and there is a region wide syllabus and minimum standards of education agreed by all Trusts within the rotation.

The Deanery is committed to developing postgraduate training programmes as laid down by GMC, Colleges and Faculties and by COPMED - the Postgraduate Deans Network. At local level college/specialty tutors work with the Programme Director and Directors of Medical Education in supervising these programmes. Trainees will be expected to take part in these programmes (including audit) and to attend meetings with their nominated educational supervisor.

All posts within the training programme are recognised for postgraduate training by the General Medical Council (GMC) in accordance with their standards for training.

Study leave is granted in accordance with Deanery/Trust policy and are subject to the maintenance of the service.

All posts have a service element and the following covers the majority of duties. There will be minor variations in different hospitals but the list is aimed at covering the majority of duties:

1. Supervise, monitor and assist the House Officer (F1) in the day-to-day management of in-patients in posts with an attached F1.
2. Liaise between nurses, F1 and F2 Doctors, patients, relatives and senior medical staff.
3. Attend and participate in ward rounds as timetabled.
4. Attend outpatient clinics.
5. Attend operating lists.
6. Take part in rostered emergency work including delivery suite.
7. Dictate discharge summaries.
8. Study for higher examination and maintain continued professional development.
9. Attend weekly educational and multidisciplinary sessions.
10. Undertake audit at various times throughout the rotations.
11. Teach medical students as directed.
12. Co-operate with members of the personnel department when monitoring hours of work and other personnel issues.
13. Attend induction in each hospital or new department
14. Comply with all local policies including dress code, annual and study leave

Curriculum
