Practice Leaders Programme

Supporting G.P. commissioning and primary care professionals in Hampshire

Announcing our 4th programme due to start in September

The South Central S.H.A. has recently confirmed that they are funding the Practice Leaders Programme for a fourth year. This is in recognition of the excellent training we provide developing leaders of service improvement in primary care that is delivering real benefit to patients.

The need for service improvement leadership has never been greater with the Government’s drive towards G.P. commissioning. For this reason our fourth programme will seek to provide support to commissioning groups in addition to any individual primary care professional who wishes to join us, in common with previous years.

Applications are invited from anyone working in primary care or the community and dental health services within the South Central S.H.A. region, particularly in and around the Hampshire area.

We will be based at St. James’ Hospital, Locksway Road, Portsmouth PO4 8LD.

Dates: are all Tuesday afternoons 2.30pm-5.30pm:

Term 3: April 17th, 24th. May 1st, 8th, 15th, 22nd, 29th. June 5th.

The programme is recognised as a development programme by the Institute of Leadership and Management. http://www.i-l-m.com/

If you would be interested in joining the programme in September, would like to reserve a place or would like some further information please get in touch. As we anticipate strong demand for this programme your early response is recommended.
