1st APCE Conference 2012

New Horizons
Embracing Change

Wednesday 2\textsuperscript{nd} to Friday 4\textsuperscript{th} May 2012
Doubletree by Hilton, Chester

“It is not the strongest of the species that survives, nor the most intelligent, but the one most responsive to change.”
~ Charles Darwin
This exciting conference is for anyone who is interested in education in primary care. It will be hosted by the newly formed APCE (Association of Primary Care Educators) organisation that emerged from the joining of NAPCE and UKAPD.

The stimulating programme will contain traditional features of each organisation’s previous conferences as well as new elements.

The conference will consist of a series of keynote speakers, group sessions covering e.g. RCGP curriculum and portfolio, appraisals besides Balint and Springboard groups...

A selection of workshops will also be on offer that will enable you to develop your skills and ideas and welcome any submissions.

By sharing best practice at this conference, you will be inspired, impressed and enthused.

Don’t Miss It
